Getting prepared early for retirement can help ensure you don't miss out on financial opportunities. But where to start? This seminar provides information on the key issues to consider in the lead-up to retirement so you can start planning.

Suitable for members thinking about their retirement options, this presentation will cover:

- working out how much is enough
- using your contributions to help meet your retirement objectives
- structuring your investments to suit your risk profile
- transitioning to retirement.

By registering, we can let you know of a room or time change.
