

RESEARCH PARTNERSHIPS PROGRAM 2019

**APPLICATIONS OPEN
MONDAY, 17 JUNE 2019**

**APPLICATIONS CLOSE
FRIDAY, 26 JULY 2019**

The Research Partnerships Program supports the development of collaborative research projects jointly developed and funded with a partner organisation. Partners suitable for collaboration may be from industry, commerce, and the public and community sectors. The scheme provides awards of up to \$25,000 (with a funding ratio of 2:1 from the industry partner) tenable for a period of 12 months. The funding success rate for this program is highly favourable so we encourage all researchers with potential industry partners to apply.
